

DAY'S DOINGS OF NORTH SCRANTON

TO REVIVE EFFORT TO SECURE A CLOCK FOR NO. 25.

Movement Was Inaugurated Five Years Ago But Enough Money Was Not Secured—Owen Hughes, a Rockman, Had a Finger Smashed in the New Delaware and Hudson Air Shaft Near Throop—John Meninsky Injured in the Von Storch Mines.

With much regret did the older people of Providence watch the tearing down of the wooden structure which had served for many years as a school building on the fine elevation on School street.

This fine new building was completed during the summer of '93, and in September of the same year was opened for educational purposes. A short time thereafter, through the efforts of Mr. J. U. Hopewell, of the Providence Register, a "clock and bell fund" was started, and sufficient money having been subscribed by the citizens of Providence, New England.

The clock was also ordered, but the amount of money then subscribed would not warrant sending for it at that time. Soon after the matter was placed in the hands of the North End board of trade, but has never been brought to a successful completion, and the clock is still at the factory, resting peacefully in the box in which it was placed for shipping four years ago.

Realizing the accommodation that an illuminated clock placed at such a height would be to the public, and also the improvement it would be to the appearance of the tower, the teachers have taken hold of the matter, and at a meeting, Wednesday afternoon, resolved to put forth every effort to raise the remaining sum. They find that at least \$500 above what is already subscribed will be required to put in the clock which was chosen four years ago, and which resembles in every respect the clock in the court house tower.

A suggestion that the board of control defray this expense has come to the ears of those interested. This they will not do, as their duty regarding time ends when they have placed a clock in each school room. Furthermore, this is a "town clock" for the use of the public in one section of the city, and not merely for the use of the school.

The teachers expect to make a thorough canvass of the North End, and thus give each person, young or old, an opportunity to do his part toward placing a timepiece where it can be seen both day and night.

Owen Hughes, a member of Rodrick's corps of rockmen, sustained a smashed finger and a broken right arm at the new air shaft on the Delaware and Hudson farm near Throop yesterday morning. Hughes was assisting

CONTEST IS GROWING WARM.

Mr. Hamilton Gave Mr. Duggan the Lie Before Court.

There was another stormy time at the session of the contest commission yesterday and Mr. Hamilton again precipitated the bother. When John Biemieller, of the Fourth district of the Nineteenth ward, presented his naturalization paper, Mr. Hamilton for some reason that he did not make apparent, directed Stenographer Taylor to make it as an exhibit and keep possession of it. Biemieller told the witness that he did not have to give up his certificate, whereupon Mr. Biemieller demanded its return. Mr. Hamilton charged the stenographer not to give it up and the stenographer appealed to the commissioners. They thought that it was sufficient for a copy of it to be made on the record and so decided. Mr. Hamilton was not satisfied with this and once more involved the adjudication of the court. Judge Archibald sustained the commissioners and Mr. Biemieller got his paper back. All this was accompanied by some very lively exchanges, so lively indeed that it is feared bitter feelings of a lasting nature were engendered. Mr. Hamilton went so far as to brand one of Commissioner Duggan's statements as a false when the case was being laid before Judge Archibald. He took an exception to Judge Archibald's ruling. Most of the witnesses examined yesterday were from the South Side. There were thirty-three of them, all told: William Hamm, Jr., L. V. Frantz, John Steinmet, Michael Baker, Pat Barrett, Charles Lierman, John McCann, Ambrose Herz, Leo Fortshaw, Thomas Devaney, Julius Pitzmeyer, Michael Clarey, John Nealis, John Biemieller, Fred Pearl, Joseph Elbes, William P. Schek, John Resardien, Frank Lessing, James Cavensy, John D. Boland, James Donohue, Martin McHale, Patrick Judge, Metehor Ackerman, Reinhardt Moreno, Ferdinand Carter, John M. Ann, Peter C. Cuba, John Hastings, Edward Mayer, Andrew Riley, John O'Donnell, Jr.

HAPPENINGS OF SOUTH SCRANTON

EDUCATIONAL RALLY AT THE ROOMS OF THE Y. W. C. A.

Programme Observed Was of a Very Informal Nature—John Rencher, a Five Year Old Boy, Was Run Down by a Bicycle Rider at the Neptune Engine House—Otto Vockroth, the Rough Rider, Ill in the Long Island Hospital.

The rooms of the Young Women's Christian association were crowded last night, the occasion being the annual educational reception. The programme was an informal one, there being no effort made for a large demonstration.

The opening number was a selection by the Orpheus orchestra. Miss Van North followed with prayer. The hymn "True Hearted" was given by the entire gathering. Mrs. E. H. Ripple, president of the Central city association, was introduced as the principal speaker. She gave an interesting and instructive talk to young women on the great advantages of an education. Mrs. Ripple complimented the association on the good work which had been accomplished.

At the conclusion of her talk a pleasing selection was rendered by the orchestra. Miss Anna Rankin, of No. 8 public school, who has volunteered to assume charge of the classes, with the assistance of a corps of public school teachers, talked on the studies to be pursued during the season. The Monday night classes will take up advanced elementary arithmetic.

Tuesday night penmanship, elementary and advanced English will comprise the studies. The closing number was the rendition of the hymn "Saved by Grace." Cocoa and wafers were served later and the orchestra gave a programme of delightful music. Monday and Tuesday next have been fixed as the registration days for the educational classes. A large number of young women, irrespective of denomination, have registered, and it is expected many more will do so on the days noted.

Men's Underwear

Men are beginning to realize the importance that attaches to perfect fitting, correct, weighty, texture, underwear. There was a time when, if an undergarment was big enough, and not too thin or heavy, according to the season, it was considered all right. Those days have passed, however, and a demand for the highest degree of comfort obtainable has led to many important changes. All for the better, because they add materially to both health and happiness.

"Oneita" Combination Suits

Or shirt and drawers in one garment, are nearer perfection than any other form of underwear that has yet been invented. They fit like a glove, admit of perfect freedom of action, and leave no creases or superfluous bunches of useless skirts, extra widths, etc., to be stowed away in the clumsy fashion which wearers of two-piece underwear must resort to. We have these combination suits in all weights, from the lightest to the heaviest, and in all the popular shades, as well as white. Prices, \$1.25 to \$2.50 Per Suit.

We Also Handle

The underwear made by the Lackawanna, Luzerne, Norfolk, New Brunswick and other mills, and guarantee better values to our patrons than can possibly be obtained by them elsewhere.
